taliban s return to power in august of 2021 caused everyone to ask why the two decades of institution building in afghanistan failed this book investigates the root causes of failed reforms in an important area of reform trade and credit institutions it explains why the efforts to reform and regulate the economic institutions in afghanistan failed and what we can learn from their failure it draws on more than eighty interviews with afghan merchants business leaders money dealers and government officials in five major provinces of afghanistan to identify the barriers to access to credit and to understand the performance of formal institutions banks and their informal counterparts this book finds that afghan merchants were often unable to benefit from the offerings of formal institutions for three reasons a highly volatile business climate uncertain contract
